### ADHD screening

**Please answer the questions below, rating yourself on each of the criteria shown using the scale on the right side of the page. As you answer each question, place an “X” in the box that best describes how you have felt and conducted yourself over the past 6 months.**

	Never	Rarely	Sometimes	Often	Very Often
1. How often do you have trouble wrapping up the final details of a project, once the challenging parts have been done?					
2. How often do you have difficulty getting things in order when you have to do a task that requires organization?					
3. How often do you have problems remembering appointments or obligations?					
4. When you have a task that requires a lot of thought, how often do you avoid or delay getting started?					
5. How often do you fidget or squirm with your hands or feet when you have to sit down for a long time?					
6. How often do you feel overly active and compelled to do things, like you were driven by a motor?

I am severely anxious or depressed	
I am extremely anxious or depressed	

## EQ5D

- We would like to know how good or bad your health is **TODAY**.
- This scale is numbered from 0 to 100
- 100 means the **best** health you can imagine  
0 means the **worst** health you can imagine
- Mark an X on the scale to indicate how your health is TODAY
- Now, please write the number you marked on the scale in the box below.

PHQ-9				
Over the <u>last 2 weeks</u> , how often have you been bothered by the following problems?	Not at all 0	Several days 1	More than half the days 2	Nearly every day 3
1. Little interest or pleasure in doing things				
2. Feeling down, depressed, or hopeless				
3. Trouble falling or staying asleep, sleeping too much				
4. Feeling tired or having little energy				
5. Poor appetite or overeating				
6. Feeling bad about yourself - or that you are a failure, or have let yourself or your family down				
7. Trouble concentrating on things, such as reading the newspaper or watching television				
8. Moving or speaking so slowly that other people could have noticed? Or the opposite; being so fidgety or restless that you have been moving around more than usual.				
9. Thoughts that you would be better off dead or of hurting yourself in some way.				

If you checked off any problems, how difficult have these problems made it for you to do your work, take care of things at home, or get along with other people?

Not difficult at all

Somewhat difficult

Very difficult

Extremely difficult
